The Spirit of Jitasa

Our name, Jitasa (ji-tah-suh), means “The Spirit of Serving Others.” It’s who we are and why we believe there’s no higher value than partnering with nonprofits to make the world a better place.

One Focus

We only work with nonprofits.

Our Mission

Improve the effectiveness and efficiency of nonprofit organizations.

Our Values

Conscientious

We believe in the business of doing good, it’s our principled passion. That means our daily lives are governed by our sense of what’s right. We are conscientious to those around us – our cube mates, our bosses, our clients, and our suppliers.

Disciplined

We believe that enabling others to do good means being smart and realistic about what you can do today, tomorrow, and the future. It means planning. It means knowing exactly where you stand, and what lies ahead.

Gracious

We believe in order to do good, you have to accept people as they are. We maintain grace with ourselves, our clients, and those around us. We recognize the good in everyone, support our community, and pay attention to each other.
